

LARKIN HIGH SCHOOL INSTRUMENT SUPPLY LIST

Purchasing a brand new instrument is very expensive, so instead, here is a list of instrument supplies that will help each student consistently perform at a high level without the cost of a new horn. If you are purchasing a new instrument, please consult with Mr. Dobbeck as well as your private teacher PRIOR to committing payment. While there are many choices for instrument accessories and additions, this list will give you a guideline of what the industry standards are. Private teachers may recommend different materials based on his or her professional assessment.
